RE: Mr. Christie's Site Working Group

We have just learned that the above Working Group has had their third meeting on September 11, 2013.

We kindly request that our organization be included in this Working Group.

The Lakeshore Planning Council Corp. is a non-profit community group that has operated in Ward 6 for more than 20 years. The purpose of the Lakeshore Planning Council (LPC) is to involve the community in the planning process. The LPC's role is to disseminate information to the community, to create a forum for the discussion of issues, to monitor the impact of development and redevelopment of the Lakeshore area, to serve as advocates for full public participation in the decision-making process and to promote cooperation and partnerships between residents, local government, businesses, community groups and developers.

Please kindly provide us with copies by email of Minutes of the previous meetings, and advise us the date of the next meeting of the Working Group.

We look forward to working with you on this important project for Mimico and The Lakeshore.

Sincerely,

Timothy Dobson, OALA
Chair
LAKESHORE PLANNING COUNCIL CORP.
